

General Manager Germany (m/f/d)

Crop Protection

Identifier 771118062

Our client is a leading international player in the biological crop protection market. In order to bring the German business to the next level, we are looking for a Strategic generalist & Business Development professional. Contact us for further information if you are the 'right person' with strong entrepreneurial and people management skills.

What you can expect:

- You manage, coach and expand the national team
- You will set up a local warehouse in order to optimize logistics
- You prepare budgets & forecasts
- You participate in and drive strategic regional conferences
- You will join essential meetings with suppliers, customers or partners
- You ensure local registrations and compliance with national legislation

What is required:

- 5+ years in management
- MSc in horticulture, MBA or similar
- Understanding benefits of biological solutions would be an asset
- Strategic and innovative approach
- Entrepreneurial, pioneering mindset paired with hands-on attitude and flexible approach
- Strong communication skills
- Fluent in English and German
